

# Millie's Mark logo

## Logo area and minimum size

There should be at least 10mm of space left clear around the Millie's Mark logo. The exception to this is when the NDNA logo is placed in the logo space on marketing materials.

The logo should be at least 25mm tall on websites and marketing materials, so the stapline can still be read.

## Additional logos to include

NDNA is delivering Millie's Mark on behalf of the Department for Education. On any materials produced for Millie's Mark, the 'Supported by Department for Education' logo and NDNA logo on the right should be included.

## What not to do

Please do not distort the logo or separate it from the strapline. The logo should be on a white background where possible.
